

## Hare Preservation Trust Activity Sheet Autumn 2008

### **An autumn challenge for you: Feed the birds!**

*Feed The Birds Day* is held over the weekend of October 25<sup>th</sup>/26<sup>th</sup>. Why not see if you can put out some food and water to help the birds through the colder weeks ahead?

Birds enjoy kitchen scraps such as cheese, bread or cake crumbs, dried fruit, apples and unsalted peanuts. They also need fresh water to drink and wash - clean feathers help to keep birds warm! You can hang feeders in trees or shrubs and put containers on a table, big stone or window sill.

How many different birds can you count? Ask your mum or dad to take you along to your local lending library and look for books that show you the many different types of birds.
